RE: Docket No. 07-16 (Free High Speed Internet for all Americans)

Dear Mrs. Secretary:

One of my friends told me about a campaign to bring free, high speed Internet access to America. **As** a small businessman, high speed Internet through wireless broadband makes good business sense to me.

Broadband is a vital **part** of my business. Whether I **am** reviewing media clips, movie trailers or music from emerging or established artists, I cannot afford to wait for digital files to load. Speed is crucial to saving time and money.

I hope the FCC will **take** a more visionary approach and do all it can to promote the rapid deployment of high speed Internet access.

Sincerely,

Barry Krutchie
